CENTSYS

D-SERIES SMART ACCESSORIES

Solar Supply Solution
Alternative means of powering the system - consult your CENTSYS dealer

Photon SMART PE Safety Beams
Fully-wireless PE safety beams. Always recommended on any SMART automated installation

Theft-deterrent cage & padlock
Patented design provides excellent deterrence against theft, tampering and vandalism

G-ULTRA
The ultimate GSM solution for monitoring and activating the operator via your mobile phone

G-SPEAK ULTRA
Answer your intercom from anywhere for maximum security and convenience - powered by 4G technology

Metal Gate Stations
Communication hub for the G-SPEAK ULTRA GSM intercom – available in stylish and strong metal enclosures

Low-voltage Power Supply
If 240V power at the gate is not feasible, this optional low-voltage power supply kit is a simple, cost effective option

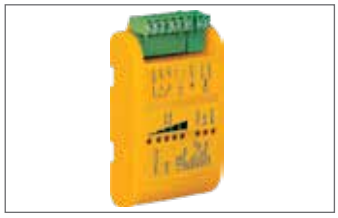
PowerPack
Power unwavering gate performance for busy sites. Run your gate directly from mains. Optional battery backup for added flexibility

Low-voltage Chargers
Enjoy a safe, reliable and cost-effective way to power your gate operator and enjoy outstanding performance and exceptional flexibility

Steel Reinforced Nylon Rack
Keeps sliding gates running smoothly - reinforced for added strength and performance

CENTSYS Transmitters
Available in one-, two- and four-button variants. Incorporates code-hopping encryption

SMARTGUARD or SMARTGUARDair Keypad
Cost-effective and versatile wired and wireless keypad, allowing access to users with a customised code



FLUX SA Loop Detector
Allows free-exit of vehicles from the property - requires ground loop to be fitted

D-SERIES SMART SELECTION GUIDE

SMART.

The intelligent choice

Application	Residential	Heavy Residential	Light Commercial	Commercial	Industrial
